

Corporate Sessions

We love to bring nature to the Corporate world and take the corporate world to nature. We have conducted several Nature based Leadership sessions for Corporate and NGOs such as Capgemini, Head Held High (NGO), Shenomics (CSR) based on their needs. We combine universal Leadership skills development modules along with Nature based wisdom, to bring out Authentic Leadership.

Leaders experience:

- Silent communication in teams,
 - Decision making through Mindfulness,
 - Goal setting through Nature Art,
 - Tools for Relaxation,
 - Creativity through nature's inspiration
-And a lot more....

If you would like us to conduct customised sessions for your employees, do drop us an email to connect@natureconnections.in
